SUMMER.

BY MON. MRS. NORTON. This is the time of shadow and of flowers, When roads gleam white for many a winding

When gentle breezes fan the lazy hours, And balmy rest repays the time of toil-When purple hues and shifting beams beguile The tedious sameness of the heath grown moor— When the old grandsire sees, with placid smile The sun burnt children frolic round his door, And trellised roses deck the cottage of the poor.

The time of pleasant evenings, when the moon Rises, accompanied by a single star, And rivals e'en the brilliant Summer noon, In the clear radiance which she pours afar-

No stormy winds her hour of peace to mar, Or stir the fleecy clouds which melt away Beneath the wheels of her illumined car; While many a river trembles in her ray, And silver gleams the sands round many an ocean

Oh, the heart lies hushed, afraid to beat In the deep absence of all other sound ; And home is sought with loth and lingering feet As though that shining tract of fairy ground Once left and lost might never more be found; And happy seems the fife that gipsies lead, Who make their nests where mossy banks abound

In nooks where unplucked wild flowers shed the A canvas spreading tent the only roof they need

ALWAYS SOMETHING NEW!

READ THIS, OLD AND YOUNG! Prof. Wood's Hair Restorative WILL RESTORE GRAY HAIR TO ORIginal color permanently; made to grow up on bald heads; remove all dandruff or itching; destroy all diseases of the scalp; and if used once or twice a week regularly, will prevent the hair from becoming gray or falling, to an imaginable age. Read the following testimonials, and we defy you to doubt, (says the Waverly Magazine.)

Success to the genius whose tonic we say, Turns back to its color the Hair that was gray. SOMETHING WORTH KNOWING !- By using Professor Wood's Hair Restorative, gray hair can be permanently restored to its original color. The subjoined certificate was received from Johnson & Stone, Gardner, Me , and is but one of the many instances that are daily coming to our knowledge of its wonderful effects. It is no longer problematical, but a self-evident truth, as hundreds of our community can testify .- Boston Herald.

GARDNER, Me, June 22, 1852. MR. H. DYES-Dear Sir: I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the Hair. Before using it I was a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind Yours respectfully, DAN'L N. MURPHY

CARLYLE, Ill., June 27, 1853. I have used Prof. O. J. Wood's Hair Restora. tive, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray; but by the use of the "Restorative" it has resumed its original color, and, I have no doubt, SIDNEY BREESE, permanently so Ex-Senator United States.

HAIR RESTORATIVE .- In our columns today will be found Prof. Wood's advertisement of the above article, to which we call attention. What it has done, we have witnessed upon several of our acquaintances in St. Louis. Hair once gray met our view, black or brown as the case might be, being the color of early manhood; and as fine and glossy as silk, and that without any other application than the Restorative. If it has done this upon others, will it not do the same for any of our readers whose "frosty prows" were once like the "raven locks" of Lothiel's warlike chief, if they will try it. We think so .- Jackson ville Constitutional, Oct. 5, 1853.

THE GREATEST DISCOVERY OF THE AGE .- It seldom occurs that we notice, under any circumstances, patent medicines, restora tives, or anything of the kind, for we have a prejudice against most of them. But candor comels us to invite attention to the advertisement of Professor Wood's Hair Restorative. We are too invenile to require anything of the kind, but some instances of its use have come to our knowledge which almost assures us that it is a sovereign remedy against the hair becoming prematurely gray. It is not a "Hair Dye," but upon its application, as directed, the effect is produced upon the skin, which brings out the original colored hair, without stiffness, and gives it a glossy and natural appearance. We have seen persons who have used it, and are much pleased with it. Examine the advertisement - Missouri Republican. O. J. NEW AND SINGULARLY SUCCESS

A ful remedy for the cure of all bilious diseases-Costiveness, Indigestion, Jaundice, Dropy, Rheumatism, Fevers, Gout, Nervousness, Humours, Irritability, Inflammations, Headache, Pains, in the Breast, Side, Back, and Limbs, Female Complaints, &c., &c. Indeed, very few are the diseases which a purgative medicine is not more or less required, and much sickness and suffering might be prevented if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicous use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted positions and character as to forbid the suspicion of un-

Among the eminent gentlemen who have testifled in favor of these Pills, we may mention: Doct. A. A. HAYES, Analytical Chemist of Boston, and State Assayer of Massachusetts, whose high Professional character is endorsed by

Hon. EDWARD EVERETT, Senator of the ROBERT C. WINTHROP, Ex-Speaker of the House of Representatives ABBOTT LAWRENCE, Minister Plen., to †JOHN B. FITZPARICK, Catholic Bishop

also Dr. J. R. CHILIUN, Practica Chemist of New York City, endorsed by Hon. W. L. MARCY, Secretary of State. WM. B. ASTOR, the richest man in America.

S. LELAND & Co., Proprietors of the Metro-

politan Hotel, and others. These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies extracted by Chemical process in a state of purity, and com bined together in such a manner as to insure the best results. This system of composition for medicines has been found in Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less acrimonious and injurious qualities, by this each individual virtue only that is desired for the curative effect is present All the inert and obnoxious qualities of each sub.

more purely remedial, and the Pilis a more pow erful antidote to disease thad any other medicine keown to the world They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action-remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease. Prepared by Dr JAMES C. AYER, Practical

stance employed are left behind, the curative

virtues only being retained. Hence it is self evi-

dent the effects should prove as they have proved,

THE GREATEST MEDICAL DISCOVERY

Dr. KENNEDY, of Rexbury, Has discovered in one of our COMMON PASTURE WEEDS a remedy that cures EVERY KIND OF HUMOR;

FROM THE WORST SCROFFLA DOWN TO A COM-MON PIMPLE. JE HAS TRIED IT IN OVER ELEVEN hundred cases, and never failed except in two cases, (both thunder humor) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston. Two bottles are warranted to cure a nursing sore

One to three bottles will cure the worst kind of pimples on the face. Two to three bettles will clear the system of Two bottles are warranted to cure the wors canker in the mouth and stomach. Three to five bottles are warranted to cure the worst case of Erysipelas.

One to two bottles are warranted to sure all humor in the eves. Two bottles are warranted to cure running of the ears and blotches among the hair. Four to six bottles are warranted to cure corrup! and running ulcers.

One bottle will cure scaly eruption of the skin. Two to three bottles are warranted to cure the worst case of ringworm. Two to three bottles are warranted to cure the most desperate case of rheumatism Three to four bottles are warranted to cure the

salt rheum Five to eight bottles will cure the worst cases of A beneat is always experienced from the first

bottle, and a perfect oure is warranted when the above quantity is taken. Reader, I peddied over a thousand bottles of this in the vicinity of Bosion. I know the effect of it in every case So sure as water will extin-guish are, so sure will this cure humor. I never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appears to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1946—second.

that it should cure all kinds of humor. In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it, and sold about 6 bottles per day—in April, 1854, I sold over 1.608 bottles per day of it.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters. In my own practice I always kept it strictly for humors-but since its introduction as a general

family medicine, great and wonderful virtues have been found in it that I never suspected Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have I know of several cases of Dropsy, all of them aged people cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary-eat the best you can get and enough of it. Directions for Usa .- Adults one table spoonful per day—Children over ten years dessert spoon ul-Children from five to eight years, tea spoonful. As no directions can be applicable to all con stitutions, take sufficient to operate on the bowels

GERMAN BITTERS PREPARED BY

Dr. C. M. JACKSON, Philadelphia, Pa, WILL RFFECTUALLY CURE LIVER COMPLAINT, DYSPEPSIA,

bility, Diseases of the Kidneys, and all Diseases arising from a Disordered Liver or Stomach The proprietor, in calling the attention of the public to this preparation, does so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended It is no new and untried article, but one that has stood the test of a ten years' trial before the American people, and its reputation and sale is unrivalled by any similar preparations extant. The testimony in its favor given by the most prominent and well known physicians and individuals in all parts of the country is immense, and a careful perusal of the Almanac, published annually by the proprietor, and to be had gratis of any of his agents, cannot but satisfy the most skeptical that this remedy is really deserving the great celebrity it has obtained.

MORGANTOWN, Va., August 4, 1855.

Dr. C. M. Jackson-Dear Sir:-The sales of the Bitters are increasing, and what speaks volumes in their favor is that all who have used them speak highly of their effects No medicine that I sell gives such general satisfaction, and the demand for it exceeds all precedent; and I assure you it affords me pleasure to sell such a remedy. Our physicians no longer scowl at it, but are com pelled to acknowledge its intrinsic value, and the greater part of them have had magnanimity sufhelent to lay aside their prejudicies and prescribe it in their practice. Respectfully yours, F. M. CHALFANT.

Tobias: Dear Sir-I am happy to say that the Spectacles which I obtained from you last week are entirely satisfactory. From an inequality in the visual range of my eyes, I have heretofore found great difficulty in getting glasses of the
proper focal distance. It affords me pleasure te
state that, by the aid of your optometer, this difficalty has been happily obviated so that the glasses you furnished me are decidedly the best adapted

to my eyes of any I have ever yet used.

Very respectfully, yours, R. B. DRANE, Lector of St. James' Parish Bepartment of Interior, May 7, 1855.

From natural defects and the unequal range of my eyes, I have been compelled to use glasses for several years. I have tried different opticians without obtaining glasses perfectly fitted to my eyes. Four months since Mr. Tobiaz made two pairs especially for me, which I have found to serve me perfectly. By the use of his optometer
